**DATE: December 6, 2004**

**SIR:**

1. Attached please find copy of my letter to my physician of even date concerning the Response your office has received from Mr. Len Anthony of Progress Energy. It is self explanatory.
2. I do wish to have the Hearing of my complaints against Progress Energy at a mutually acceptable date **WHEN APPROVED BY MY PHYSICIAN**, and I am physically up to it.
3. I await your approval of my request for a change of date from the Dec. 9, 2004 Hearing until a later date as approved by my physicians and/or as I duly applied for in my original request.
5. I have a legal right to a Hearing, and a legal right to a continuation for good cause, and grounds having been established in the pleadings.

Thank you in anticipation for your kind cooperation and you prompt reply to my request.

scheduled well in advance." What have we done wrong in planning our appointments and procedures duly, in advance?

Thus both you (the physician) and I (patient) are accused of having duly scheduled appointments and surgeries "well in advance."!

And it is for these reasons that the utility attorney denies my legitimate request for postponement of the Hearing. In doing so, he casts doubt on my integrity and impugns yours. In virtually all of his filings Mr. Anthony has engaged in impugning my reputation, disparaging any of my actions, and engaged in character assassinations of any party supporting my efforts. Mostly because he needs to cover up the utility's violation of rules that I am complaining about. I am the complainant, not the utility.

However, I feel that Mr. Anthony crossed the line when he dared without impunity, to cast doubt on your professional medical judgment and integrity.

With a copy of this letter to the Executive Director of the SCPSC, I continue my Petition for Extension of the Hearing date from Thursday, December 9, 2004, to a date acceptable to you as my physician.

One must bear in mind that the N.C. utility has legal staffing, computers, library, and a seven figure budget. I am an old woman, with impaired vision, in convalescence, fighting alone, a blatant travesty (used advisedly), perpetrated against me by the very same lawyer who now does his best to cover-up his outright illegal actions and trying to deprive me of "my day in court."

I do wish for the Hearing to take place, but I cannot physically do it by December 9<sup>th</sup>, 2004, a few days away. It is a physical impossibility for me.

Your continued and kind support is greatly appreciated.

Respectfully yours,

  
Beatrice Weaver
